Keywords and Related Terms

Keywords

If you would like to write a paper about racial profiling and the police, keep in mind:
The search terms you use may not be the same words others use for the same concept
- Have a few similar words (synonyms) for each keyword
- Write down any synonyms you find as you research
- Try different combinations of keywords to get different results

Related terms

Related terms are associated with your topic, without being synonyms for them
- For example, poverty and food stamps are related terms.
- Write down any related terms you find as you research
